

RideFinders / Carpooling

Did you know that carpooling offers advantages beyond merely transportation to work?

1. **Cost Savings:** Participants save money on gas, maintenance, and other expenses compared to driving alone.
2. **Reduced Wear and Tear:** Sharing the driving means less wear and tear on personal vehicles, extending their lifespan and reducing maintenance costs.
3. **Environmental Impact:** Carpooling plays a crucial role in mitigating the environmental impact by lowering greenhouse gas emissions and improving air quality through the reduction of solo commuting and traffic congestion.
4. **Productivity & Morale:** Carpooling isn't just about sharing rides. It's about connecting with co-workers and stepping up as leaders- supporting colleagues — building a stronger team and community.

Our team is here to serve you!

Start by calling RideFinders at 314-621-7433 or visit RideFinders.org.

*Groups of five or more may be eligible to use a RideFinders van. Carpoolers & Vanpoolers receive four free emergency rides home per year to make sharing the ride even more convenient.
